Who we are

Menbank Packaging, established in 2018, is a full-service premium glass packaging specialist for the cannabis industry, serving flower, edibles, pre-rolls, THC oil, and concentrates. encompasses bottle forming, CR cap manufacturing.

Our advanced, fully automated production line decoration, and packing. This integrated process ensures end-to-end solutions marked by uncompromising quality, exceptional service, and on-time delivery — consistently creating a competitive advantage for our clients.

Supported by our recently expanded 12,000m² warehouse, we stock over 50+ best-selling CR containers sizes for rapid dispatch.

Value-added services like free storage, split shipments, and DDP terms are provided to streamline your supply chain. We go beyond packaging to deliver true partnership and value, committed to building lasting success with you.
